

New Zealand.

3<sup>rd</sup> February 2018.

Dear Diana,

How are you? I really hope all is well with you and your Grandma.

We are well and life here is much the same as usual. We have had a hot summer so far, but have some rain today which is good for making the grass grow on the farm.

Did you enjoy your Christmas? We had our daughters at home, which is always the best thing, and spent some nice time together.

One of the photos above is of me and my husband Jim, and the other is of our daughters swimming in the sea near here. They love the water! We are lucky to be able to go fishing and diving for seafood.

How is school going? It sounds like you are working hard at your studies. Which are your favourite subjects?

Well, I had better close now. I hope you all have a lovely time with the English visitors, and lots of fun. And I really look forward to hearing from you.

God Bless,

and best wishes from,

Sally and family x
